

Tulip

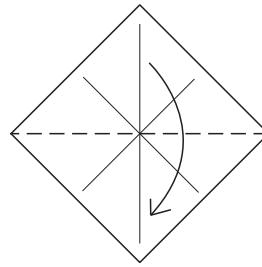

traditional

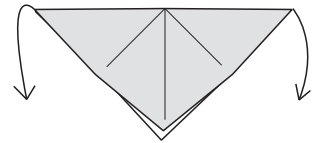

1. Begin with a square, white side up. Precrease with mountain folds.

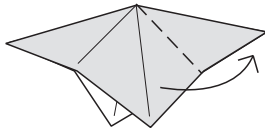

2. Precrease along the diagonal.

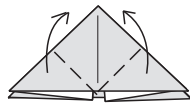

3. Valley fold in half along the diagonal.

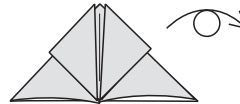

4. Pull the side flaps down, while bringing the bottom points to either side.

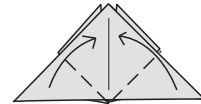

5. In progress...

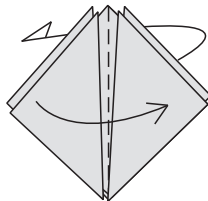

6. Valley fold the side flaps up.

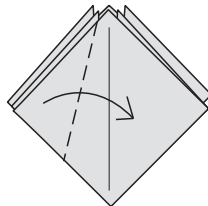

7. Turn over.

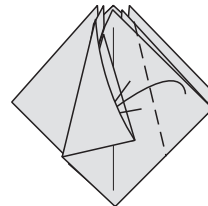

8. Valley fold the side flaps up.

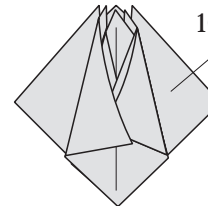

9. Valley fold one flap over in front, and fold another flap over behind.

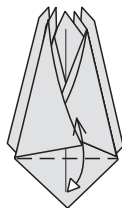

10. Valley fold one flap over, a little past the center crease.

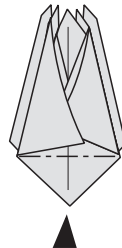

11. Valley fold the flap over, tucking its corner into the pocket.

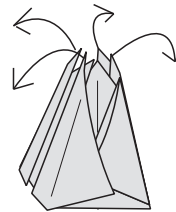

12. Repeat steps 10-11 behind.

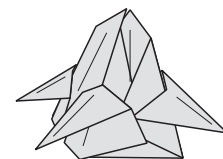

13. Precrease across the bottom of the model.

14. Inflate the model from the bottom.

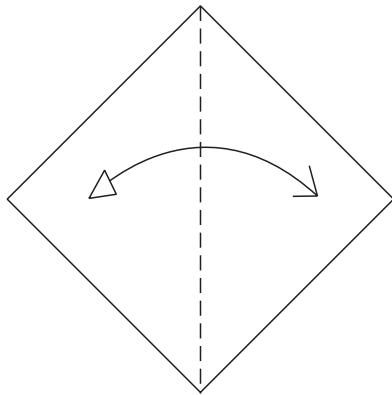

15. Peel the four petals outwards.

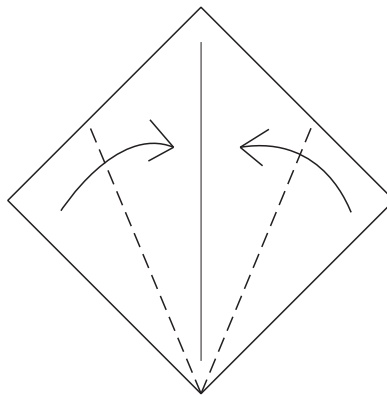

16. Completed Tulip.

Leaf

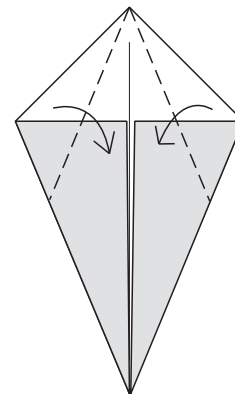

traditional

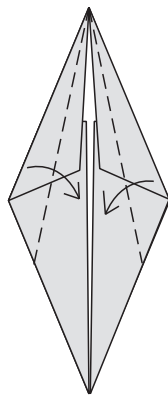

1. Begin with a square, white side up. Precrease along the diagonal.

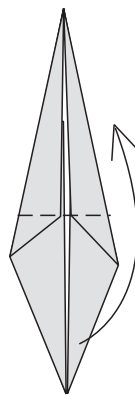

2. Valley fold the sides to the center.

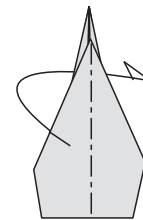

3. Valley fold the top edges to the center.

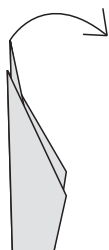

4. Valley fold the sides to the center.

5. Valley fold the bottom point towards the top.

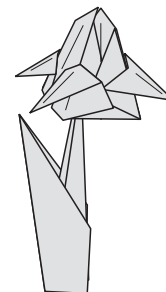

6. Mountain fold the model in half.

7. Slide the point over.

8. This completes the Leaf. You can place the Tulip on the stem.

9. Completed Tulip and Leaf.
